Use of Personal Water Craft on the Rivers Crouch and Roach

This document sets out the rules and requirements for the use of Personal Water Craft on the waters within the jurisdiction of the Crouch Harbour Authority. It is a condition of the issue of a PWC licence that these rules and requirements are observed.

Personal Water Craft includes jetskis, wetbikes, powerboards and all similar powered recreational water craft. This does not include waterskiing or the use of towed inflatable toys (donuts, bananas and similar) which are subject to different rules.

The rules and requirements come from the Crouch Harbour Act 1974 and the byelaws made by the Authority under that Act. Breach of the byelaws could result in prosecution and a fine of up to £2,500.

PWC Licenses

Every PWC must be licensed by CHA *before it is used*. The licence fee is £100 p.a.

To apply for a licence complete the licence application form and declaration and send it with your cheque for £100 and a copy of your insurance cover note to:

Crouch Harbour Authority, Harbour Office, The Quay, Burnham on Crouch, Essex, CM0 8AS.

The licence to operate a PWC may be withdrawn by CHA at any time.

Areas in which PWCs may be used.

The use of PWCs is not permitted at any time on the River Roach or any of its creeks.

In the River Crouch:

The East Fambridge Ski Area can be used by all PWCs whether or not the driver is a member of one of the Clubs.

The South Woodham Ferrers Waterski Club Area may be used only by members of the South Woodham Ferrers Waterski Club.

The Hayes Farm Ski Club Area may be used only by members of the Hayes Farm Ski Club.

PWCs must not be used in any other part of the river, but PWCs may navigate directly from a launching place (or if entering the harbour from seaward) to a PWC area and to return provided:

- 1) The eight knot speed limit zones within the river are strictly observed.
- 2) The PWC is navigated considerably, at moderate speed, with due care and attention and in compliance with the Crouch Harbour Byelaws and the International Rules for Preventing Collisions at Sea, which apply throughout the rivers.

Careful Navigation

PWCs like all vessels, must not be navigated in a manner dangerous to other vessels or persons, or without due care and attention, or without reasonable consideration for other persons. This is a requirement of the Crouch Harbour Byelaws and if you do not comply with the byelaws you may be prosecuted and fined. If you are reported for breach of the byelaws your PWC licence may be revoked. You will be required to sign a declaration that you will comply at all times with the Crouch Harbour Byelaws and the International Rules for Preventing Collisions at Sea.

Compulsory Insurance

It is a condition of issue of a licence for a PWC that insurance is carried and maintained to cover liability for damage or injury to persons or property with a limit of indemnity of not less than £2,000,000.

You will be required to produce evidence of insurance when applying for or renewing the PWC licence and you may be asked to produce such evidence at any time.

Use of PWCs by Minors

The permission to use a PWC is strictly limited to its use by persons 18 years of age and over. Use of a PWC by a person under 18 years of age would represent a breach of the byelaws and be liable to prosecution.

Buoyancy Aids

It is a condition of the licence to use a PWC that all persons using it must wear an appropriate buoyancy aid. Wearing of protective helmets and wetsuits etc is strongly recommended.
